

Science 9

Assignment for Human Body Poster

Digestive System

NOTE: This is a **partner** project. You must work with one other partner. (If there are an odd number of students in class, a person could do it singly or there could be one group of three. The teacher will decide who is in the group of three)

Directions:

On the piece of construction paper provided:

1. Draw the diagram on page 144 of Science Probe. The drawing must be appealing and fill the **whole sheet** of paper. Organs must be coloured for full marks. You must have your own colouring pencils or felts. (10 marks)
2. **Draw and label** each part of the digestive system on page 144. (10 parts)
Lines must be **straight** and printing must be **neat** for full marks. (1 mark each). (10 marks).
3. Somewhere on the poster, clearly state the **function** of each one of the parts listed below. The information can be found in the Science Probe 9 textbook or from other sources.
Print these by hand or use a computer to type them. Cutting and pasting from internet sites is not allowed (10 marks)
4. Use a paper clip to fasten the “Marking Sheet” to your poster when you hand it in. Make sure your names are on the poster and on the marking sheet!

Parts:

salivary glands
epiglottis
esophagus
stomach
pancreas
small intestine
large intestine
liver
gall bladder
rectum

Total marks for this poster is 30 marks (for each partner)
